“From the Frontier to the Future ... Celebrating 150 years of Morristown”

April 14, 2005 to May 1, 2005

Dear _____:

We will officially mark the 150th anniversary of the founding of the City of Morristown on April 28, 2005. Our theme is “From the Frontier to the Future ... Celebrating 150 years of Morristown”, which encompasses the past, present, and future of our progressive city. As we look forward to reaching this milestone, we would like to ask for your help and input in planning Morristown’s Sesquicentennial Celebration. The Steering Committee is now in the process of organizing the Sesquicentennial events and desires for this celebration to be more than just a two-week birthday party. We want the celebration to be a time to remember where we were 150 years ago, where we are now, and how we will move toward our future.

The official celebration will begin on April 14, 2005, and end on May 1, 2005. All community organizations are invited to participate, not just observe, in the Morristown Sesquicentennial Celebration by creating or developing a unique event or project as a gift for the city and its residents. The project/event should start by April 14, 2005; however, the project/event may begin before April 14th and may be completed any time during 2005. Types of projects or events for the celebration could include but not be limited to the following: beautification, renovation, artwork, building, drama, constructing a gazebo, supporting literacy days, spotlighting milestones and accomplishments through the years, health and safety, etc. The project or event may take place anywhere within Hamblen County.

If your organization is interested in developing an event or project for the Sesquicentennial anniversary of the City of Morristown as a gift for the citizens of Morristown and Hamblen County, now and in the future, please complete the enclosed registration form to become an official event participant. You may also contact Krisna Crowder, Sesquicentennial City Staff Chair, at 586-0260 for more information.
